IMPORTANT MEETING OF AIR RAID WARDENS HELD TUESDAY NIGHT

Chief Air Raid Warden, A. E. Cox, Outlines Duties Of a Warden—Next Meeting to Be Held Monday, March 30th, at Bay High School.

On Monday night, the air raid wardens, deputies and persons interested attended an important meeting called by Mr. A. E. Cox, Chief Air Raid Warden for Hancock County, held in the Court House and heard Mr. Cox outline the duties of a warden and explained what would be expected of them in the test blackout to be held in Bay St. Louis and Waveland and along the thousand mile area of the Gulf Coast on Thursday evening sometime between seven and eleven o'clock.

Mr. Cox called upon each of his precinct captains and answered a number of questions explaining different phases of their work. He explained their duties and informed them that a printed circular was on hand for personal distribution by their deputies to every home in their zone.

Mr. Cox stated it was necessary that we make preparation to defend the people in event of an air raid. He told the meeting that an enemy plane could carry one thousand incendiary bombs and twelve planes dispersing bombs could drop bombs which would set every house in Bay St. Louis on fire, hence he reminded the wardens of the heavy responsibility which had been placed upon them.

Every captain was advised to be at his telephone on Thursday to receive the reports of his deputies after they had policed their zones and he requested all wardens to attend. He also stated that another air raid warden meeting would be held in the courthouse on next Wednesday, April 1st at 7:30 when the discussion on incendiary bombs would be elaborated upon and further discussed, and also a discussion on poison gas held.

Commissioner H. Grady Perkins spoke on the importance of persons realizing the seriousness of the trial blackout and explained the types of sirens purchased by the City and asked everyone to strictly adhere to the requirements for making the test blackout a success.

Mr. Perkins touched upon the startling news of the arrest of persons within our Coast area who had been caught supplying an enemy submarine.

Mr. Charles Murphy complimented Mr. Cox on the splendid job he was making of the Air Raid Warden's Division.

Sheriff Horace L. Kergosien stated that as Mr. Cox had covered every phase of the work to be done in the trial blackout, there was nothing more he could add.

Mr. Cox requested everyone present who had not yet registered with the Civilian Defense Volunteer Office to do so as soon as possible.

Mr. Cox wishes to specially thank Miss Louise Armstrong for her splendid assistance in typing the circulars of instructions for the air raid wardens.

HERMAN BAXTER, BAY ST. LOUIS, BOY RECEIVES HONORS

Elected President of Student Body at University of Mississippi

Herman Baxter of Bay St. Louis was elected president of the Associated Student Body of the University of Mississippi for the 1942-43 school year in the general election held last week. Baxter, the Democrat independent party nominee, defeated J. D. Gillespie, the Progressive party nominee, by a majority of 115 votes. Other students elected to serve with Baxter are: Jack Pigott of McComb, vice-president; Betty Congdon of Yazoo, Miss., secretary; and Jack Norris Thomas of Amory, treasurer.

Baxter, a junior in the College of Liberal Arts, is also a member of Phi Eta Sigma, national honorary scholastic fraternity for freshman boys; a member of Hermaean Literary Society; member of the Catholic Club. A student in the advanced R. O. T. C. corps at Ole Miss, he is vice-president of Hood's Brigade, honorary military organization for junior R. O. T. C. students with the purpose of furthering interest in military work at the University of Mississippi.

Baxter is a graduate of Bay High school and at one time was elected king of the May Festival.

COUNTY EXCEEDS QUOTA

In Defense Fund Drive—Local Chapter of Red Cross Expresses Appreciation

When all contributions to the American Red Cross were tabulated, it was found that Hancock County had exceeded its quota in the Defense Fund Drive. The quota assessed to Hancock County was \$2500.00, and a total contribution of \$2607.41 was made to this most worthy cause.

At first it was thought that the quota of \$2500.00 assessed against Hancock County was more than could possibly be raised in this county, however every citizen realized that this quota was a personal assessment against him and everyone responded in a most whole-hearted manner. The spirit of cooperation that was shown in this undertaking has never in the history of Hancock County been surpassed. Each individual, regardless of class, color or creed, did his part towards making this drive the success that it was.

The various organizations in the community all did their share.

The Local Chapter of the American Red Cross wishes to take this opportunity to express its deep appreciation and gratitude to each organization and to each and every individual citizen of Hancock County for the wonderful effort that was shown by them and to assure these individuals and groups that without their whole-hearted cooperation it would have been impossible for the quota to have been reached, much less surpassed.

Hancock County should be proud of itself and the Local Chapter of the American Red Cross is definitely proud of its citizens.

S. J. A. NOTES

The pupils of St. Joseph's Academy enjoyed two holidays last week, Thursday the annual holiday in honor of St. Joseph and Friday earned for the student body by our Champions, the Grammar Grade Basketball team.

Mother St. John, Sisters Melanie and Eileen spent the day in New Orleans to attend the impressive ceremony of the reception of three candidates into the Sisterhood. Two of these young ladies are well known in Bay St. Louis, Misses Jane Moore and Julia Mae Arbour from Baton Rouge. They are both graduates from St. Joseph Academy, Baton Rouge, and have spent two summers here as Counselors in our Summer Camp. The third young lady, Miss Marion Baumgartner, is a graduate from Mount St. Joseph College, Cincinnati.

The Senior class also assisted at this most impressive ceremony. After the Convent Ceremony the Senior Class was entertained by Mrs. A. L. Schayot of Phoenix, La. Dinner was served at the St. Regis Hotel. Mrs. Schayot presented each senior with a sterling silver bracelet engraved with their name and address. Later the entire group went to the Orpheum and thoroughly enjoyed "Captain of the Clouds," a military feature. Those enjoying Mrs. Schayot's generous hospitality were Misses Rosalie Knox Ambler, from Pass Christian, Nathalie Buehler, Gladys Capdepon, Jackie Cuevas of Bay St. Louis, Elaine Lamer of Waveland, and Marie Louise Schayot.

On Thursday last the boarding students enjoyed a delightful outing in the woods. The long hike made the delicious lunch doubly enjoyable. As the shadows fell a tired, happy group of girls wended their way "conventward."

They were chaperoned by Sisters Anna Mary, Mary Grace and Albina. The Dramatic Club is now busily engaged in practicing and making preparations for the play entitled "A Southern Cinderella." This tree act comedy-drama will be staged in the auditorium Thursday, April 9th at 8 o'clock. Admission Adults 25c and children 15c.

Date for the Annual May Festival has been set for Sunday, May 3.

ANOTHER OUTSTANDING BAY ST. LOUIS FAMILY

MR. AND MRS. WILLIAM T. O'BRIEN

While Bay St. Louis has many families of which any community might be proud, our attention is called to the family of Mr. and Mrs. William T. O'Brien, who reside in their own home at the corner of State and Second streets.

Mr. and Mrs. O'Brien, while both natives of New Orleans, moved to Bay St. Louis in November, 1921, and have made it their home ever since. Mrs. O'Brien, the former Miss Wilhemina Muhs, and Mr. O'Brien were married in St. Henry's Church, in New Orleans, in June, 1910, and are the proud parents of four grown sons, John D., Charles P., William T., Jr., and James H. All are graduates of Saint Stanislaus College.

John D., the eldest, received the degree of B. S. in electrical engineering at the University of Michigan, in 1934. He represented Fairbanks-Morse in Northern Michigan until his induction into the armed forces of the United States as First Lieutenant in the Signal Corps. He is now enroute to service in a foreign country.

Charles P., is a graduate of Mississippi State College and is presently employed in the office of the U. S. Department of Agriculture, at New Orleans.

William T., Jr., graduated in June, 1941, from Loyola University with

the degree of D. D. S. and was immediately asked to take over the practice of Dr. John Carroll, of Belzoni, Miss., who received a commission in the U. S. Army.

James H., the youngest, after completing his Junior year at Mississippi State College, in June, 1941, entered the Army Aviation School, at Hicks Field, at Fort Worth, Texas. He finished his basic training there, his primary training at Brady, Texas, and completed his final training at Brooks Field at San Antonio, Texas, receiving his commission as Second Lieutenant there on January 9, 1942. He is now serving with a bombing squadron.

Mr. O'Brien, also in the service of the government, has been a clerk in the U. S. Customs office, in New Orleans, for nearly thirty-nine years, a record, of which very few men can boast, and is looking forward to retiring within the next two years. Truly, he will have earned his reward.

It is families such as this one which make our community a better place in which to live and rear our children and Bay St. Louis and its people are justly proud of Mr. and Mrs. O'Brien and their sons and wish for their continued success and happiness.

Bombing Field Assured

Hon. W. M. Colmer, Member of Congress, has advised local authorities that the War Department had finally and definitely settled the matter of the Hancock County Guntery and Bombing Range and that permanent construction would begin as soon as possible.

We are happy to have received this news and are glad that Hancock County has received this project, and we hope that the people of Hancock County will lend their cooperation in this matter.

To Congressman Colmer and our United States Senators, Bibbo and Dorey, we owe a debt of gratitude for their assistance in the securing of this project.

Entertainment To Be Given On Bay High Stage This Friday Afternoon

A stage show will be held in the Bay High auditorium Friday afternoon starting at 1:45 o'clock. It is open to the public. Music, talks, ventriloquism and many other acts will feature the entertainment. This show has played at other schools along the coast and has been well received. Admission children 10c—adults 15c.

Officials Visit Jackson On Business Mission

Mayor G. Y. Blaize, Commissioner H. Grady Perkins and J. R. Rollins, County Engineer, accompanied by Sheriff, Horace L. Kergosien, went to Jackson on Sunday evening.

Messrs. Blaize, Perkins and Rollins had an appointment with Hon. Q. Edward Gatlin, Works Progress Administrator for Mississippi relative to the filing of superseding projects for paved streets and an addition to the water works system of the City of Bay St. Louis. Our city officials were assured by Mr. Gatlin that the Jackson office of the Works Progress Administration would approve these projects and that same would be forwarded to Washington for approval.

We believe that the city administration is farsighted in having these projects approved and ready for work as when they shall be needed. Who knows, but that Bay St. Louis may soon become a defense center.

Riley in Charge. The office of Government Reports will soon be opened in Jackson, with Hon. M. L. Riley as director. Rooms have been secured in the Tower Building. Mr. Riley has not yet announced the personnel of his staff.

PROCLAMATION GOOD FRIDAY

REALIZING the solemnity of the Memorable Day of Good Friday and that the Christian world bows in sorrow and sympathy, commemorating the World's Greatest Tragedy, and

That it is but meet and proper that our people, too, set aside their every day activities as far as possible and participate with their every day life and pursuit, to do honor and to further glorify the Resurrection of One who was sacrificed and suffered the expiation of sins of Mankind.

That, in order to pay tribute to the Holy Redeemer, I, as Mayor of City of Bay St. Louis, do hereby proclaim Good Friday, April 3rd, a DAY OF HOLY AND GENERAL OBSERVANCE; that our acts and attitude be such as to do reverence to the day.

AND, AS A FURTHER attestation of our feeling of respect and sorrow, and as an outward mark, I would respectfully ask that every place of business in the City of Bay St. Louis close their doors and cease business from the hours of 12 noon to 3 o'clock that afternoon, during the hours of agony Our Lord suffered on the cross, and during which time religious service is held at the Catholic Church.

Done this 25th day of March, 1942, at the City Hall, Bay St. Louis, Miss.

SALVAGE VICTORY COMMITTEE

Organized at Meeting Held Tuesday Morning—Committeemen Appointed

The Hancock County Salvage for Victory Committee was organized on Tuesday morning. This committee is composed of the following persons: Mr. Roland Weston, Chairman; Mrs. J. A. Green, Jr., Secretary; Mr. C. B. Murphy, Mr. Kenneth McCarty, Mr. Chas. Stone, Miss Eleanor Smith, Mayor G. Y. Blaize, Mr. H. Grady Perkins, Mr. W. L. Bourgeois, Brother Peter, Mr. S. J. Ingram, Mr. A. G. Favre, Mr. Fred Payard, Mr. Walter J. Gex, Mr. Roland Weston, Mr. Leo Seal, Mr. Randolph Seal, Mr. Thos. Dossett, Mr. Johnson Shaw, Mr. Lott Cuevas, Mr. Leo G. Ford, Mrs. F. J. Nelson, Mr. A. L. Shepard, Mr. Gavin James, Rev. Father J. N. Holken, with the executive committee composed of Mr. J. Roland Weston, President; Mrs. J. A. Green, Jr., Secretary; Chas. B. Murphy, Brother Peter and Chas. Stone.

This committee, as little as one might think, has quite a job ahead of them. A lot depends upon its work and the work of similar committees throughout the country. The committee was advised that 50 per cent of all materials used in the steel industry are waste materials or scrap; that 20 per cent of all materials used in the aluminum industry are waste material, or scrap and that 65 per cent of all materials used in the copper industry are waste material or scrap.

Under the plan set up by the War Production Board in Washington, it is necessary that all of this waste material or scrap be handled through regular channels of trade. It must be sold to the junk dealers of the country and they in turn will sell it to the Government. The thought runs through the minds of many of the people that junk dealers will probably be unscrupulous and perhaps will be selling this waste material to the enemy. This situation, a State Committee has been appointed. This committee will be furnished with a price list which will be considered a reasonable price to be paid for scrap materials. In the event that a junk dealer does not live up to fair trade practices he should be reported immediately to the member of the committee from this section, who is A. G. Favre, and this matter will then be taken up with the State Committee and the necessary steps taken to curb this practice.

One of the main reasons that makes it necessary for scrap materials to be handled through the junk dealer is because of the fact that this material must be assorted. It was brought to the attention of the committee that an auto motor for instance is made from several types of metal, the block is usually cast, the rods are steel, the pistons in many instances are aluminum, the fittings are usually either brass or copper, so you can readily see that the probability is that you would have five different types of material in one automobile engine and this would have to be sent to five different smelting plants. The average individual would not know how to assort this material as it takes experts in handling this.

It is urgent that all scrap materials be gotten into the hands of the junk dealer and then into the hands of the Government as soon as possible. It was emphasized that the production of equipment can be hastened by the use of scrap material. The example given was in the casting of turrets for tanks, that fifteen pourings can be made each day from scrap material; whereas, if ore were used only three pourings could be made. This should bring more forcibly to your mind the great need for scrap material.

The committee is laying plans for the gathering of this material and it has been suggested that the probability is that many persons would either give this material to some of their local organizations for them to sell it, or that it would be sold by individuals and if they wanted to contribute this to the Government, that they could not give the material directly to the Government, but that they could sell it and send the money to the United States Treasurer or buy defense stamps or bonds. By all means get in the scrap to lick the Japs.

If you have any of the following materials on hand, to-wit: Iron, steel, brass, copper, zinc, lead, newspapers, paper bags, burlap bags, underwear, carpets, feed sacks, automobile tires, toys, discarded tools, tractors, old steel bridges, ploughs, dog frons, farm implements, wrapping paper, cardboard boxes, cotton bags, old clothes, flour sacks, pillow cases, inner tubes, hose, garden, metal roofing, washbasins, milk pails, hardware, batteries, fruit jar tops, magazines, corrugated paper, old rags, mattresses, sugar sacks, sheets, boots, hot water bottles—please hold them

APPOINTED DISTRICT DEPUTY OF DIST. NO. 2 KNIGHTS OF COLUMBUS

J. T. McCaleb To Fill Unexpired Term of Bernard T. Hayden

J. T. McCaleb, recording secretary of Pere le Duc Council of the Knights of Columbus of this city, was appointed district deputy of District No. 2, Knights of Columbus, to fill the unexpired term of Bernard T. Hayden of Pass Christian, who recently resigned to answer the call to military service.

Mr. McCaleb has been a member of the Knights of Columbus for twenty-four years, transferring from the Council at Biloxi to the Pere le Duc Council when he came to Bay St. Louis to reside, and has been an interested and ardent worker for the organization.

ANNUAL MEMBERS MEETING

Of Coast Electric Power Association Held Thursday In Bay St. Louis

A large crowd turned out for the fourth Annual Members' Meeting of the Coast Electric Power Association. The Association is a non-profit cooperative owned and operated by its consumers. The capital for construction of the lines was loaned by the United States Government through the Rural Electrification Administration.

At the meeting regular business was transacted, including the election of a Board of Directors to serve for the coming twelve months. The following were elected directors:

C. W. Fountain, Logtown; John S. Rester, Leetown; Isaac M. Frierson, R. F. D., Picayune; George B. Pearson, R. F. D., Picayune; W. H. Burks, R. F. D., Picayune; P. M. Hall, Route 2, Poplarville; John S. Rester, Crane Creek; Adam S. Bollew, R. F. D., Biloxi; Susan S. Ladnier, R. F. D., Pass Christian; P. J. Morris, Lyman; James L. Crump, Kiln.

It should be pointed out that these gentlemen will serve without pay. The financial condition of the cooperative was explained by clerts during the meeting. C. C. Ferrell, Manager, pointed out that after all expenses were paid, including payments due the government on long term debts, there was a surplus for 1941 of \$6,775.44 after depreciation charges. The Association has made all payments to the government when due and in addition has made prepayments of \$9,000.00 on its loans. Surplus funds and depreciation reserve have been invested in Defense Bonds. The maturity value of the bonds now held is \$18,600.00. It is believed by the directors that every cent above a safe working fund should be loaned to the government to assist with the war effort.

After consideration of all financial reports, the members unanimously passed a resolution commending the Board of Directors and Mr. Ferrell and his staff for the splendid progress shown. This was followed by a rising vote of thanks.

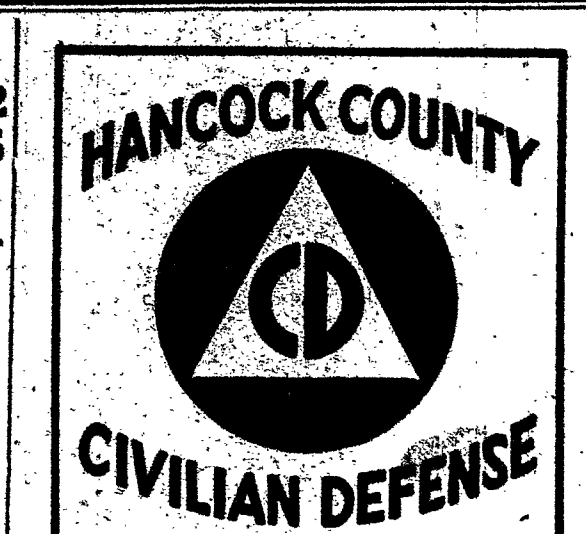

After the business meeting all types of home-made electrical equipment was demonstrated by the R. E. A. Electro-economy Show. The appliance which created most interest was a home-made stand on which a quarter horsepower motor was mounted. With this single motor and stand can be operated a flour mill, ice cream freezer, tool grinder, food mixer, and many other home and farm appliances. An electric canning machine, feed grinder, irrigation system and many other things were demonstrated. In addition an electric hot bed, pig brooder, chicken brooder, feed mixer and garden sprinkler were constructed during the show.

All in all the meeting and show were a big success and was enjoyed by many rural people.

County Health Officer To Take Course at Vanderbilt University

Dr. C. M. Shipp, County Health Officer, has been ordered by the Public Health Service to report to Vanderbilt University at Nashville, Tennessee, for a special course in public health service. The doctor will be away for thirty days and during his absence the public health work in Hancock County will be carried on by Dr. E. W. Ryan and Dr. D. B. Wilson of the Harrison County public health unit.

for the scrap collectors. We might suggest that you use the following procedure to locate your scrap material: Look in the cellar, in the attic, in the garage, the yard, or around the farm and get together any of the materials listed above.

IMPORTANT MASS MEETING Showing pictures of Incendiary Bombs At Bay High Auditorium Monday, March 30th — 7:30 P. M.

Salvage Campaign

The Salvage Campaign is moving along nicely. Mr. A. G. Favre is on the State Committee and has returned from Jackson with all kinds of information.

The boy scouts have announced the dates for collecting paper.

Beginning Thursday, March 26th between 3 and 6 p. m., and on every second and fourth Thursday thereafter they will pick up paper in South Bay St. Louis. On the first, third and fourth Thursdays at same hours they will work North Bay St. Louis. They ask your cooperation by having paper in bundle on front porch or in front yard to save delay. For further information along this line please call Mr. Luther Ansley at phone No. 58.

The girl scouts are cooperating in all phases of the Salvage Campaign and are asking the public to save all cancelled postage stamps for their particular project.

Waveland has set up a Civilian Defense Office and is enrolling Volunteers this week.

SECOND NUTRITION SCHOOL

Held Monday at Courthouse—Special Speakers on Program

On Monday, March 23rd from 9:30 to 12:00 o'clock the second nutrition school as part of the Defense Program was held at the courthouse with a large attendance, fifty-eight of whom registered and with representatives from Flat Top, Sellers, Aaron Academy, Catahoula, Clermont Harbor and Waveland. Mrs. Salter discussed "Mrs. Penny Wise and Mrs. Pound Foolish" and with shopping baskets of food illustrated her talk.

C. C. Stone, County Agent, discussed control of insects on plants emphasizing study of the types of insects and control by feeding poison to the chewing insects and a contact spray on those that suck plants. Miss Eleanor Smith emphasized need and methods of canning and storing surplus products.

Mrs. Mary A. Abney gave instructions for cooking of foods to get the full food value. Mrs. W. L. Bourgeois, chairman of the Central Nutrition Committee, encouraged the women to make their contribution to national defense by planning and doing the work they could best do.

At a meeting for colored persons held at the Valena C. Jones School, Sally Redmond discussed canning and the morning program was repeated.

There were thirty-one persons in attendance at this meeting. The next meeting will be held in April with the State Nutrition Committee in cooperation with the department.

GREATER LOVE NO MAN HATH!

NINETEEN hundred years ago there dwelt in Judea a Man in Whom was united the Divine with the human. He went about doing good to all men, but even His own did not receive Him. Yet, imbued with divine love, He gave up His life in order that we might all be saved and enjoy eternal happiness in the after life. "Greater love than this no man hath, that he giveth his life for a friend!" This is the event which is commemorated next Friday, April 3, known as Good Friday, because of the great benefits accrued to mankind by the Passion and death of the Savior.

Mankind in general has forgotten the lesson of Calvary. Today we see the world convulsed because of the lessons of hate which have been taught such great masses of youth and because of the insatiable ambitions of men drunk with power and wanting still more. Millions of lives have been snuffed out in the flower of their youth because of this hate and these ambitions, and the end is not yet.

Man must return to the practice of his duty to God and to his fellowmen, and through love and sacrifice approach the foot of the Cross. No time is better than today when all must exert themselves to resist the desires for riches and power, opportunities for attaining which are numerous because of the confusion of the times. We must all be willing to give up some of our comforts and some of our possessions and some of our leisure for our own safety and the good of all. The greater our sacrifices are the better will be the results.

The lesson of Calvary is brought home to us most vividly by the presence of our own on the battle front. Our sons, our brothers, our husbands and our sweethearts are offering their lives AND GIVING THEM that we may all be free. Let us emulate their sacrifices, and in the light of the Cross raised high on Calvary, determine to exert ourselves for the common cause, setting aside all personal gains and selfish desires, so that we may attain peace with victory and justice, and liberty for us all.

A LOT TO BE THANKFUL FOR

SPRING is here, and we to whom God has given the right and privilege to live in the best place on earth, love to think of the days ahead when we will be able to go tramping through the woods and enjoy the great open spaces, the pines and native shrubbery. We love to sit and plan what we will do the next weekend, whether it will be a picnic, fishing, or what not.

We who live in Bay St. Louis and in Hancock County where the wide open spaces greet you, wonder how people can ever become reconciled to living in a crowded city. We have often watched the Sunday traffic on the highways and have noted the number of cars driving to the coast. We have watched the outpouring of people from the city to the coast and have actually felt sorry for them, knowing that they had to return to a crowded city.

When we enjoy days like those of the past week, we know why people living in the city drive sixty miles to the coast to enjoy just a few hours of sunshine and fresh air.

We have heard many people remark that they had visited many places, but had yet to find one where the people were more congenial and the atmosphere more wholesome than in Bay St. Louis and its surrounding territory.

We, the people of Bay St. Louis and Hancock County have a lot to be thankful for.

PROLONGED OFFENSIVE AHEAD

GRADUALLY, the productive power of the United States will turn out the weapons of war. Carefully they will be transported to the areas of action. Then, and only then, will our intelligent leaders be willing to begin the prolonged offensive that will bring complete victory.

There is no way for the writer to know the proper time for this offensive. It depends upon too many uncertain factors. Meanwhile, along with loyal Americans we can, and will, trust the responsible leaders of this nation and have complete faith in the men who will fight their way to the triumph that cannot be forever postponed.

VIREECK CONVICTED

GEORGE Sylvester Viereck, Nazi propagandist, has been sentenced to serve from two to six years in jail after being convicted of withholding material facts from the State Department when registering as a foreign agent.

Mr. Viereck affirms his devotion to the land of his choice and deplores the "cruel war" that has developed with the land of his birth. He declares that he can never deny his German blood.

That is the trouble with most Nazi agents and what makes other people distrustful of them is the fifth-column experience of other nations. There is always the suspicion that, given a favorable opportunity, these Nazi sympathizers will do dirt to the land of their adoption.

Laws and commandments, in the opinion of some, were made to guide the other fellow all ways.

A GOOD SOLDIER OBEYS

THE most admired and highly praised citizen of this country today is General Douglas MacArthur. General MacArthur was ordered to leave the Philippines and assume command of the allied forces in the Pacific. We feel certain that down deep in his heart he hated to leave his men in the Philippines. However, he was ordered by the President of the United States, his commander in chief, to report to Australia. This he did. Being a good soldier, he was obedient and followed his instructions.

We, who are not in military service, lose sight of the fact that we, too, should be good soldiers. There are many ways left open for us to accomplish this. There are many duties that we can perform that would in a way help to win our war. We, too, should be subservient and obedient to the commands of our commander in chief, the President of the United States.

Wars are not won alone by soldiers. We who are left at home have to carry on the machinery to provide the necessities for the armed men. Men like General MacArthur, who are fighting for our lives, for our freedom and everything that is near and dear to us, can take orders and obey them, why should not we, the working people of America, upon whom so much depends, carry out the wishes and the desires of our great President and go to work and stop strikes and disputes, where hours may mean so much to provide the necessities for our boys to carry on and win this war.

KEEP IT TO YOURSELF

AS time goes on our people are becoming more war minded. They have just begun to realize that we have to fight. Many of us at the outbreak of this war thought that all that was necessary was to step across the Pacific and blow the Japanese to Hell. However, we are becoming reconciled to the fact that the war may last a little longer than we had anticipated.

That we will win it, there is no doubt. However, in order to win we are going to have to sacrifice the lives of many of our splendid young men, and dollars by the billions will have to be appropriated in order to carry on.

Mistakes have been made, and mistakes are going to continue to be made, after all we are all human.

However, we, in the every-day walks of life, are prone to offer criticism for the smallest mistakes made. This practice should be discontinued, for, as little as it may seem, the slightest criticism may effect the patriotism of some good American citizen, and we find that words that may appear to be small, may place some doubt in the minds of some good Americans.

And again the enemy may be listening, and he may want to know what you know, regardless of how small it may appear to you—keep it to yourself.

COAST ELECTRIC POWER ASSOCIATION

ELSEWHERE in this issue will be found an article describing the Fourth Annual meeting of the Coast Electric Power Association held in the City of Bay St. Louis on Thursday, March 19, 1942. This association was formed about four years ago as the Hancock Electric Power Association. Later a section of Harrison County was taken in and the name was changed to the Coast Electric Power Association. Since that time the line is now serving part of Pearl River County. Credit must be given to the men who had foresight to make application to the United States Government for a loan through the Rural Electrification Administration to put these lines in operation in the rural sections.

At the time of the founding of the corporation Messrs. C. W. Fountain, John S. Rester, Isaac M. Frierson and James L. Crump were on the original board of directors. These men are still on the present board of directors and have given four years of their time and energy without pay, to the successful administration of this corporation, and since that time additional members have been added to the Board and these gentlemen are serving faithfully.

It is interesting to note the financial condition of this corporation. During the year 1941 there was a surplus of \$6775.44, after all charges and expenses had been deducted. The association, according to this statement, has made a prepayment of \$9,000.00 on its loans and at the present time own defense bonds with a maturity value of \$18,660.00.

At the time of the organization of this association it was felt by many that it would not be successful. Well do we remember when employees of the Rural Electrification Administration in Washington made their first survey and every point was stretched to get enough subscribers. Today we can look back with much pleasure and see the benefits that have accrued to this county and adjoining counties by the placing of rural electricity in the homes and on the farms. It has changed the mode of living of many of our people. It has made possible the expansion of our dairying industry, and in addition, electricity is sold at a reasonable cost and the association is showing quite a profit. In time the loan from the Government will be paid and the association will be debt free, and then the consumers will share a greater benefit from the reduction of rates for their electricity.

We want to again commend the officers and board of directors in the management of this association. We feel, and we know, that the people of the rural sections of Hancock, Pearl River and Harrison Counties owe them and the Rural Electrification Administration a debt of gratitude.

HERE'S OUR BET!

SO far as we are concerned we are ready to bet all that we have on the American fighting man.

Given equal equipment, he will beat his weight in any enemy army, navy, or force.

If he doesn't, we will not need what we have; it will be worthless.

"SWAMP WATER" AT A. & G. THEATER SUNDAY AND MONDAY

In its transposition from the pages of the Saturday Evening Post to the motion picture screen, "Swamp Water" has lost none of the dramatic impact, colorful background and absorbing story that originally made this Vereen Bell tale a featured piece in the national magazine. Adapted to the screen by Dudley Nichols, it has entertainment values which showmen may sell to their audiences with confidence.

It is a story of the moribund Georgia swamp country and the people who inhabit it, of a young man, his ventures into the forbidding swamps in search of his dog and his discovery of a fugitive who escaped jail six years previously after being convicted of a murder of which he was innocent. It is upon this plot that the story unfolds—intermingling a sub-plot of romance as the joining link between the many elements.

Noticeable throughout is the direction of Jean Renoir, French director who arrived in this country following the occupation of France by the Nazis. Mr. Renoir has brought with him his directorial bag of Gallic film tricks which distinguished such pictures as "La Bete Humaine" and "Grand Illusion" when he directed them a few seasons ago.

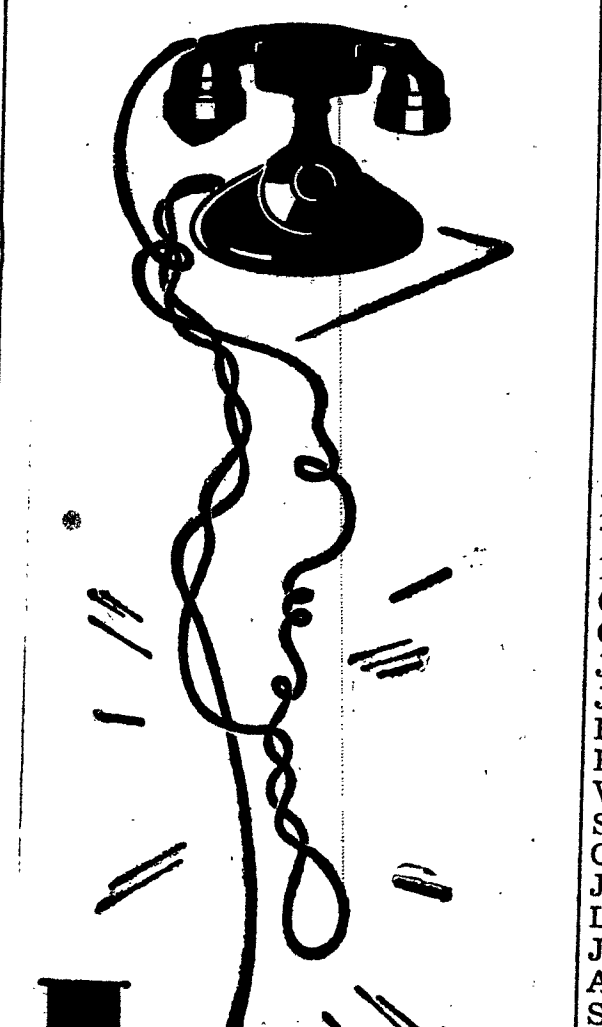

Walter Brennan, as the swamp hermit and fugitive, provides a performance comparable to the many which have won him Academy Awards, while Dana Andrews, a comparative newcomer to the screen, renders a characterization which warrants billing him as a new star.

Walter Huston, after a protracted exile from the screen, returns and again performs masterfully. Others in the cast, which includes Virginia Gilmore, Anne Baxter, as the daughter of the fugitive, John Carradine, Mary Howard, Eugene Pallette, Ward Bond and Guinn "Big Boy" Williams, distinguish themselves in roles that require the utmost in histrionic talent.

Stanislaus Netters To Play G. C. M. A.

The Stanislaus tennis team will open its season Saturday at 2 o'clock on the local courts against the Cadets of Gulf Coast Military Academy. In the single matches the Rocks will have Oscar Pacheco, Doc Blanchard, Archie Wood and Jack Johnson. The two double combinations have not been decided as yet.

The Rocks have been delayed in their practice due to the frequent rains and will find stiff competition from the experienced Cadet team. Now that the weather permits the players will work out daily and show steady improvement. St. Stanislaus for the past few years has put strong teams on the court. The present squad will have to play a fine brand of tennis to uphold the reputation left by James McConnell, James Bryan, Wes Ransom and Hoffman.

It's worse than it looks!

You'll agree that a telephone cord full of twists and kinks is unsightly and awkward to use—but did you know that it can also seriously affect service?

The conductor in your telephone cord is composed of scores of thread-like wires. They are very durable and, with normal use, will last indefinitely. But knots and kinks create an unnatural and intensified friction which is apt to break some of these tiny wires. When this occurs, it causes an unpleasant, static-like noise on your telephone.

Keep your telephone free from this trouble by keeping the cord free from kinks. Southern Bell Telephone and Telegraph Company, Incorporated.

Hancock County Men in "The Service"

The Sea Coast Echo wishes to advise the parents or relatives of any of these men that it will gladly mail a copy of the paper to the boys if their address is given to the office. The newspaper will bring direct to the men away from home news of what the folks back home are doing and we hope this service will be one which they may enjoy.

The following list of names was supplied. The Echo and should any service man's name be omitted it would be appreciated if it would be sent in.

Father Hennessey's Sermon at DeLisle Church On St. Patrick's Day

Man is prone to forget God's greatest blessings like sunlight, fresh air. These things go unnoticed. God's greatest blessing—a good priest. For 45 years God has left such a one in your midst.

Notice this great blessing and be thankful to the Creator and his minister Father Sorin.

St. Joseph's great virtue, his trust in God. We need this confidence in this confused world. Any Catholic in state of grace has this confidence otherwise he is better dead.

Make your Easter duty and look to the future with confidence. The congregation followed this eloquent preacher very attentively because he entered into their very souls and made them full of his spirit. The reason of his success was because he spoke, simply, clearly and naturally with a profound conviction of the truths he uttered and his words could not fail of their effect.

The Rev. Father Joseph Hennessey, S. S. T. came to DeLisle accompanied by his friends Rev. Father McAlpin and Rev. Father Grusser of Nebraska.

Farm Security Adm. Opens Office For Use Of Hancock County Farmers

Bay St. Louis has a new federal office. The Farm Security Administration has opened an office in Bay St. Louis for the Hancock County farmers. The office is located in the Gex Building across from the post office.

Mr. A. R. Summerour is the County Supervisor in charge of the office. Mrs. Beatrice Salter is the Home Management Supervisor and Miss Thelma McNair is the clerk-typist.

Efforts had been made on numerous occasions to secure an F. S. A. office in Hancock County. Those who exerted these efforts felt that an office located in the county would prove a great benefit to the farmers of Hancock County.

WEEKLY BOOK REVIEW

"THE DEPARTMENT OF QUEER COMPLAINTS"

By CARTER DICKSON
Reviewed by Mrs. Kenneth Knoblock
The Hancock County Library has recently added some excellent new books to its already crowded shelves. Among them, perhaps one of the most diverting is "The Department of Queer Complaints" by Carter Dickson.

Mr. Dickson is a most ingenious inventor of plots, neologisms, and might say, of the "Whodunit" school. In "The Department of Queer Complaints" he proves his skill. The book is a collection of eleven tales, in each of which murder is committed under apparently impossible conditions. However, Colonel March, head of D-3, the department of Scotland Yard that deals with queer complaints and queer people, brilliantly solves each insoluble problem with an easy logic that leaves the reader gasping. It would be unethical to give any synopsis of these stories when their chief interest lies in their suspense. However, the titles alone should be sufficient to what the mystery fans desire to read them. Among the best are "The New Invisible Man," "The Footprint in the Sky," "The Crime in Nobody's Room" and "The Other Hangman."

GARDEN CLUB WISTERIA TRAIL

Wisteria time is here again. Another week and the trailing purple and white clusters will be adorning many trees and porches, hidden nooks and pergolas.

Bay St. Louis and Waveland's Wisteria trail was started last spring by the Bay-Waveland Garden Club. In one season it has expanded until the purple blossoming vine may be seen everywhere.

Last year the Garden Club gave wisteria roots to all who asked for them. This year they are doing the same. Anyone wishing to be a part of the trail may call Mrs. Leo Seal, phone 64 or Mrs. Roland Weston, phone 386 and they will be given as many plants as they desire.

Remember to look for Bay-Waveland wisteria trail in the very near future.

Soil of This Section Can Produce Much

We have often heard discussions as to what can be grown and what cannot be grown in and about Bay St. Louis. One needs only to drive around Bay St. Louis and its vicinity and they will soon be convinced that we can grow nearly anything that can be grown elsewhere, providing that the proper care is given to the plants. It has often been discussed that this section could grow berries as well as they can be grown in the Tangipahoa section of Louisiana, and one will visit the truck farms of Frank Perniciaro and San Triana and see the plots of berries that they are growing they will be convinced that this can still be grown and produced on a profitable basis in Hancock County.

Sentiment at Home

CONGRESS has been in session with the exception of several brief recesses since September of 1939. This has given the Members of Congress who desire to stay on the job while Congress is in session but little opportunity for two and a half years to have face to face discussions with their constituents.

Therefore, many members complain that their constituency at home is not familiar with the views of their Representative or Senator on the highly controversial and all-important matters before the country today. Bearing this in mind, together with the fact that the House is some two or three weeks ahead of the Senate in the passage of legislation, the House leadership has under consideration a plan to take a recess about Easter for some ten days and thereby afford those members who don't live too far away an opportunity to go home and at the same time give the members a breathing spell.

But some of the members think they see in this on the part of the Administration something more than solicitude for the political and physical welfare of the members. In other words, notwithstanding the fact that the House some two or three months ago passed what the press termed a "drastic" labor bill, the Members of the house have again started a drive to enact still another labor bill. This is the second bill which is now being considered in the House Naval Affairs Committee. It will be recalled that the Senate has never acted upon the three months old House Bill. Therefore, some of the Members feel that this recess is a move on the part of the administration to prevent further attempts at labor legislation by the House. So far as we are concerned we propose to attempt to block any such recess until the House again has an opportunity to pass in this legislation.

Non-Defense Expenditures (Cont'd)

The economy minded members of the House showed this week that they intend to practice what they have been preaching by cutting the Legislative Appropriations Bill. This bill carries funds not only for Congress but also for the Government Printing Office, the Library of Congress and several other agencies under the direct supervision of Congress. The Appropriations Committee recommended a cut of \$1,807,258 under the 1942 bill and \$1,268,952 under the Budget estimate. On the floor this was cut still more by eliminating funds for the library of Congress for recording folk songs and for the acquisition of miscellaneous books and periodicals and by discontinuing the printing of the Yearbooks of Agriculture for 1943 for distribution by members.

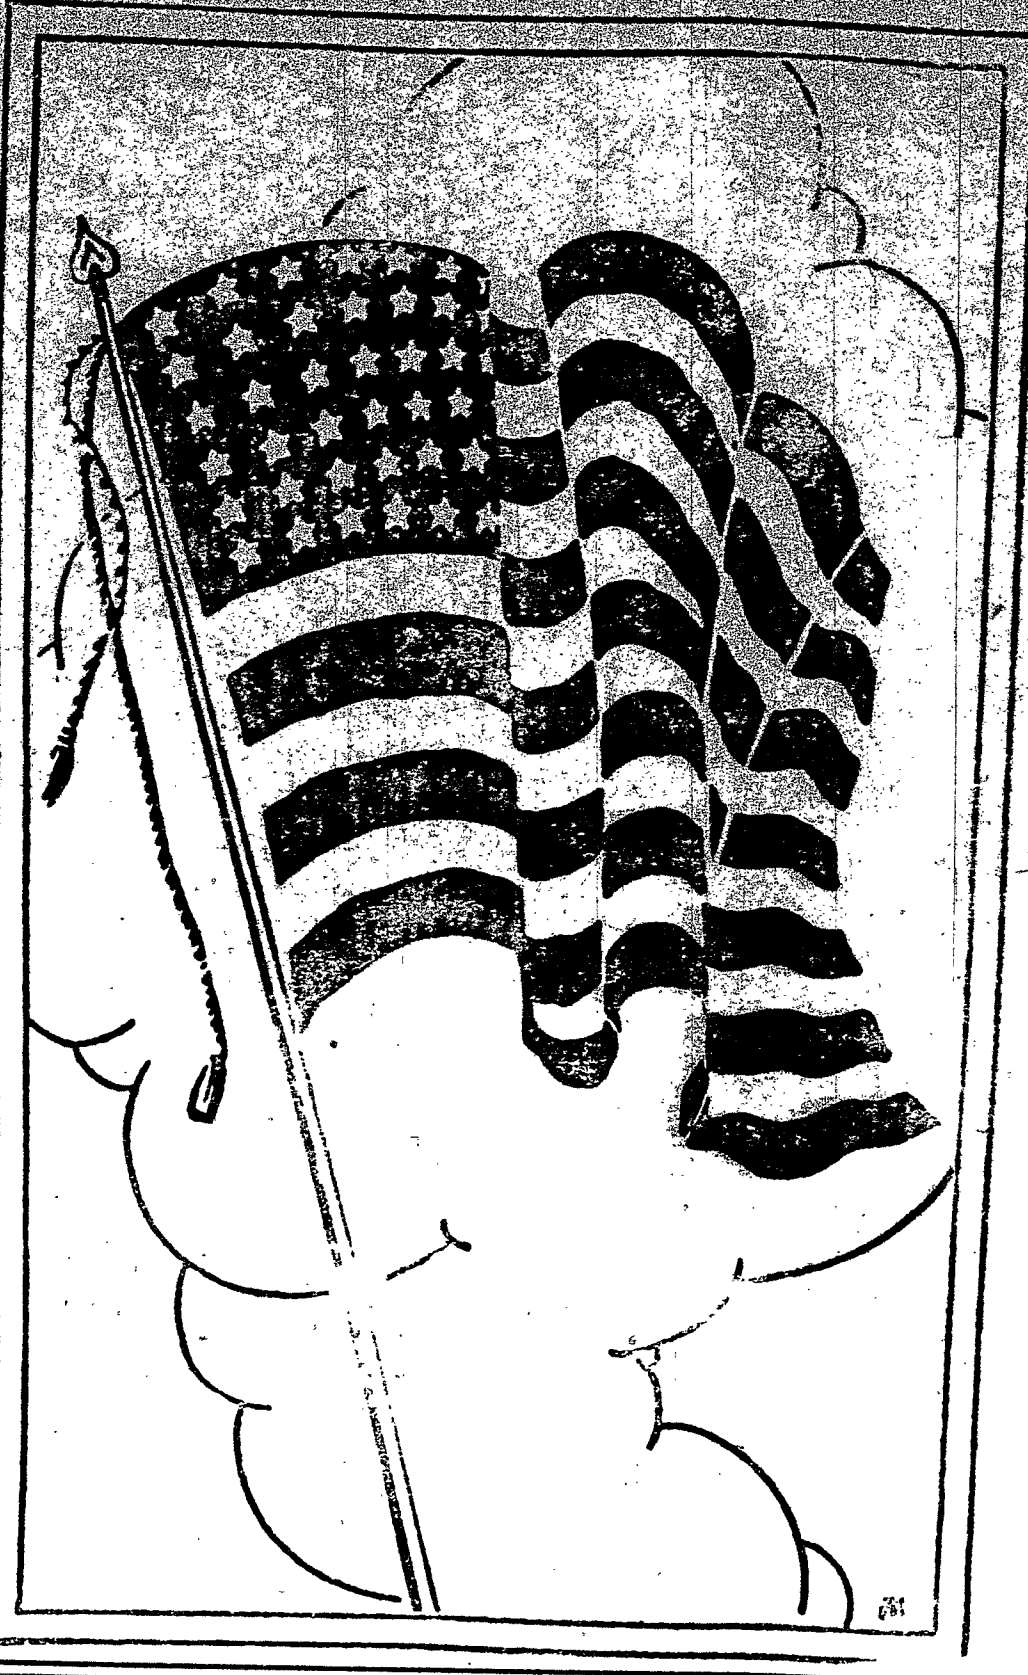

Man Power in Australia

With the Japs pounding at the coasts of Australia, that country has adopted the most rigorous labor policy employed by any of the United Nations, and everyone must either work or fight. All civilian labor, skilled and unskilled, has been drafted for compulsory service under Government direction and at army pay. To off-set labor's objection to industrial profits, they have limited to 4 per cent. Women are on a volunteer basis, but not permitted to change jobs except by the War Department. We in this country might well profit by the Australian example, now and not wait until the enemy was threatening to invade us.

General MacArthur

The country this week was electrified when it was learned that that valiant soldier, General MacArthur, had escaped to Australia and assumed command of the far Eastern Allied Forces. We join with the rest of the country in their enthusiasm, but it might be well to bear in mind that courage and valor alone are not sufficient to turn back the hordes of Japs. And it follows that unless MacArthur can get sufficient planes and other implements of war, the story of "too little and too late" may again be written in Australia. As we pointed out in a previous news article it takes three months for a ship to make the round trip to Australia. We hope and pray that General MacArthur will be successful but we must not expect of him the impossible.

KEEP IT FLYING

Hollywood Echoes.

AFTER finishing work on "Journey Into Fear" and "The Magnificent Ambersons," Orson Welles, that remarkable person, made connections by the skin of his teeth for Washington and Brazil, where he will make a good-will picture or two in the interest of fostering good relations between this country and the Latin-American countries.

As intimated some time ago, the trend in Hollywood is definitely towards musicals, some twenty being under consideration now for production probably within the next sixty days. Snappy music and pretty girls will take the 'customer's' minds off their troubles and the headlines.

From MGM comes word that Robert Taylor and Greta Garbo are being teamed for a picture. This recalls the fact that they played together five years ago in "Camille" although we doubt if many Taylor fans remember it.

Sad news for the "horse opera" fans is the news that the Government has placed restrictions on the amount of gunpowder that may be used in picture and every "shoe" must hit its mark or else. To those of us who don't like so much gun-toting and gun-shooting, this comes as welcome relief.

Speaking, however, of the Westerns, we might remind readers that the sagebrush saga is still Hollywood's most prolific producer of feminine stars. Among the newer actresses who have "graduated" from boots and saddles are Martha O'Driscoll, Marjorie Reynolds, Jean Phillips, Cecilia Parker, Ann Rutherford and Nancy Kelly. Another well-known actress, Shirley Temple, is said to have first attracted attention by the howl she put up when a careless cowboy broke her doll during an atmosphere bit on a movie desert.

Pity Baby Sandy, she so old she has lost her job. She has been dropped from the Universal contract list because she's 3 years old.

Pola Negri, now 41, one of the glamor girls of the twenties, recently was tested for the role of Pilar, in "For Whom the Bell Tolls," at Paramount. Louise Rainer, two-time Academy Award winner, who hasn't been seen on the screen for some time, also made a bid for the same role.

Arline Judge is moving into her new house. It's an all-glass one, so your mustn't throw stones at it, or Arline.

Ronald Reagan, that excellent young actor, gets the full starring role he deserves in his next picture, which will be "Washington Broad-cast."

Jeffrey Lynn's induction into the Army has caused Warners to go into search of leading men for their "The Hard Way," and "The Widow Wouldn't Weep" both on Lynn's schedule.

Ramsey's A Progressive Business Establishment

Bay St. Louis, for a City of its size, has many progressive, wide-awake and alert business establishments. However, in looking around we can see one establishment that has not been open very long, making rapid strides selling real up-to-date merchandise and using a front in the display of their goods that appeals to the average person. The place of business that we speak of is the Ramsey Dress Shop owned by Dr. B. L. Ramsey, one of our local, prominent young business and professional men, and managed by Mrs. W. A. Sigerson.

If one passing along Front Street, will just glance in the direction of the Ramsey building, you will see a window display that will probably equal that of larger concerns in larger cities.

We feel that businesses of this type are an asset to our city and we feel sure that the foresightedness of Dr. Ramsey will be rewarded.

As reported by the Universal contract list because she's 3 years old.

BAY HIGH NOTES

The Sophomore Class welcomes a new student, Harvey Herzog, into its midst. Harvey arrived in Bay St. Louis on March 1, 1942. Up to the present time he has resided in New York, where he attended the Manhattan High School for Aeronautical Engineering.

The Sophomore class is also glad to render the information that three of its students, namely, Elsie Bianchi, Betty Lee Mitchell, and Harvey Herzog comprise the cast of one of the plays sponsored by the Dramatic Club and directed by Miss Martha Fisher.

Miss Virginia Cole, faculty advisor for the May Festival, announced on March 22, that the annual event will be celebrated on Friday night, May 8th.

The Dramatic Club of Bay High will present two one act plays, namely, "Please Do Not Pick The Flowers" and "Little Darling," as try-outs for the major production. These two tryout plays are being directed by Lynn Nolan and Dorothy Arendale.

Several members of the senior class went on a picnic at Pine Hills grounds, Sunday, March 22. The seniors attending were Leo Seal, Jr., Orlando Goldman, Jack Weston and James Ansley.

Through the kindness of the Sea Coast Echo, this column will appear each week telling of the activities at Bay High School.

LIBRARY NOTES

The Hancock County WPA Library is in receipt of a shipment of books from the Carnegie International Mind Alcove which are ready for circulation.

The Junior list includes Brown's "Two Children of Brazil" exciting adventures of Joa and Tatu a Brazilian sister and brother; Beims' "The Burro that had a name" the story of a little Mexican boy's Burro; Wood and Bannan's "Pepper Moon" the story of a little Chinese boy who wanted a pet; Cannon's "Children of the Fiery Mountain"—two American boys fly from Kansas to spend the winter on their cousin's plantation in Guatemala; Van Vrooman's "Jano and Jeni" a story of the Swiss Alps.

The books for adults are Wells' "North of Singapore" written before December 7, 1941. A delightful account of a trip starting in Japan and leading north to Korea and Manchuria and then south to Singapore; Mishima's "My Narrow Isle" a woman's struggles in Japanese society; Best's "The Soviet Experiment." This book is concerned chiefly with internal developments of Russia and was written before the invasion of Russia by Germany; de Rougemont's "The Heart of Europe." This book gives particular significance to the present life and purposes of Switzerland and bring home to us the other side of this land of "immense mountains," fields of snow, clock towers, cheeses and Alpine chalets.

We hope our readers will take advantage of the opportunity to read these books.

Public Safety Report.

COL. T. P. Brady, Commissioner of Public Safety, has given out a detailed report of accidents on the highways in the calendar year of 1941. Cause of accidents are listed as follows: With pedestrians 218 accidents, 133 were killed; Colliding with other motor vehicles 1858 accidents, 158 killed; with railroad trains 32 accidents, 14 killed; Animal-drawn vehicles 55 accidents, 5 killed; with bicycles 44 accidents, 8 killed; Animals, 92 accidents, 6 killed; Fixed objects 10 accidents, 25 killed; Overturned in road, 60 accidents, 21 killed; Ran off of road 318 accidents, 72 killed; Other non-collisions 114 accidents, 44 deaths; Miscellaneous 8 accidents, 5 killed. Drivers, "Had been drinking—obviously drunk," 252 accidents, 40 deaths. Out of 4286 accidents, 1935 accidents occurred at speed of from 5 to 40 miles with 1351 at speed of over 40 miles.

Senator Gavin.

The plan for final adjournment of the 108th session of the Legislature had to be changed over the weekend on account of the sudden death of Sen. E. M. Gavin late Wednesday afternoon. Sen. Gavin was stricken with a fatal heart attack while at his desk in the Senate Chamber shortly after five o'clock Wednesday evening. Immediately after his death both houses adjourned until Thursday morning when a brief session was held. Funeral and burial of Dr. Gavin took place in Laurel Thursday afternoon and was attended by a large delegation of House and Senate members. Dr. Gavin was 54 years of age, lived at Stafford Springs, where he had operated a health resort and practiced medicine for many years.

Checking Poll Books.

As required by Chapter 84, Laws of 1938, Extraordinary Session, the election commissioners in all the counties of the state met on Tuesday, March 17th, in the office of the circuit clerk, also county registrar, of the respective counties for the purpose of checking and revising the poll books of the counties. The names of all who are not qualified to vote in the primaries of this year were erased from the books. In the elections this year the state will elect eight members of congress, one senator and seven representatives; One member of the State Supreme Court, seventeen circuit judges, eleven chancery judges and county judges in the counties having that office.

Absentee Voters' Law.

Under the new absentee voting law all persons serving in any branch of the U. S. military service and expecting to be absent from his regular voting place on election day may request, via county registrar, or municipal registrar in case of a city election, to send him a ticket, to such point as he may be located, such request to be made 21 days or less before the date of said election. Receiving the ticket it is submitted to a commission officer for inspection, then the voter after making affidavit before the said officer on form enclosed with ticket, that he is a qualified elector, marks the ballot in secret, seals it and hands it to the commission officer who signs the statement prescribed and mails it as directed by the voter. The law does not apply to absentees except those in some branch of the military service, who may vote in primaries without the payment of poll tax.

WPA and Farmers.

A report released from the state office of the WPA in Jackson says that department is doing everything possible to co-operate with the agricultural departments, state and national, to see that farm workers needed are provided, and to that end already 5,408 people who have had farm training have been released from the WPA rolls to take up work on the farm. The report indicates that the WPA has made contact with county agents over the state so as to keep in close touch with the situation.

Many Bills on Calendar.

The law-makers left a number of bills on the calendar which they were unable to reach, but this is true of all legislative sessions. In the main the work has finished in good order, and while some appropriations were increased it is safe to predict that unless there is a big drop in revenue the appropriations will all be paid without a bond issue or a deficit.

SCARF AWARDED

At the Bingo Party, given on last Sunday, the beautiful scarf made and donated by Miss Mary Wingerter was raffled. Harold Bianke, student of St. Stanislaus College was the holder of the lucky number. This scarf was raffled for the benefit of the Emergency Medical Field Unit and it was stated \$39.40 was realized.

Rev. Wm. J. Leech Transferred to St. Peter's Parish in Jackson, Miss.

The Rev. William J. Leech, widely known and beloved pastor of the Church of the Nativity of the Blessed Virgin Mary in Biloxi will be transferred to St. Peter's parish in Jackson on April 16th.

It was announced by Most Reverend R. O. Gerow, bishop of Natchez, that Father Leech has been named pastor of the Jackson cathedral to fill the vacancy created by the death of the Right Reverend Patrick O'Reilly. Father Leech will be succeeded at Biloxi by the Rev. Dr. Geoffrey O'Connell, who has been pastor of St. Elizabeth's church, Clarksdale.

Father Leech, a native of County Galway, Ireland, ordained May 3, 1918, came to Mississippi in November of that year, shortly after his ordination, and undertook his duties as assistant at the Natchez cathedral. In October 1920, Father Leech was named administrator of St. Paul church in Pass Christian and pastor of that church in 1925. On July 2, 1937 he was named pastor of the Church of the Nativity of the Blessed Virgin Mary in Biloxi, succeeding the late Peter Keenan.

He has been active in the coastal area for many years and his departure from this section will be felt with deep regret. May he be as successful in this new undertaking as he has been in his many previous endeavors.

Seventy-Five Soldiers Entertained Thursday At Soldiers Lounge

On last Thursday, the Recreational leaders entertained seventy-five soldiers from Keeler Field at a party and danced in the soldiers lounge on Main street which was a beautiful and enjoyable affair.

A great deal of care had been taken in decorating in the St. Patrick's Day theme with shamrocks, Irish lassies and a table with centerpiece of the Blarney Castle filled with cakes iced in green. Green punch and delicious green sandwiches were served.

Two games were played—The Irish Relay and Wishing on the Blarney Stone, and prizes were awarded. There was also an entrance prize and every soldier was presented with a shamrock for his lapel. Dancing was enjoyed until the close of the party, and Mrs. Backman and her assistants, Mesdames Catherine Thomas and Alma Quintini were complimented and thanked for this delightful party by every soldier attending.

Choosing Your Vocation

In the field of law we find a profession which is destined to exist so long as there are inventors, that of the patent lawyer.

The duties of this occupation lead into many different departments; they include the securing of patents for inventors, the transaction of business between the inventor and the patent office, and the prosecution or defense of suits for infringements on patents.

The actual work done consists largely of writing specifications, supervision of making mechanical drawings, and the preparation of pleadings. It also includes the organization of corporations and the handling of the legal work.

Many years of training are required for this profession. Qualifications desired are a high school education as a preliminary to a three to four year course in law. In addition to this course, knowledge in engineering or electrical, whichever the attorney can think will be most useful. Each of these courses requires four years.

The opportunities for advancement are endless, because, certainly there will always be new inventions for the improvement of this civilization. Since this profession demands many years of training, it would not be a suitable profession for a boy or girl who simply wishes to use it as a "part time" job. It is advisable that this should be made a life career. The financial return depends largely upon the individual. The fee for the most simple case is at least fifty dollars, and for the more complicated approximately a thousand dollars.

This, of course, depends upon the person's qualifications for such an occupation. The most important are: knowledge, efficiency, and aptitude for this type of work.

One very important advantage is the fact that the attorney comes in contact with many classes of people from all walks of life.

There is always a demand for inventions during the time of war. America leads the world in the development of new ideas and the perfection of them; therefore, someone is needed to protect them. The answer to this demand is the Patent Lawyer, one of the most advantageous professions in existence.

In almost every profession we find disadvantages; however, in this particular occupation, if there are any present, they are very slight—Student Prints.

Be it ordered by the Board that this Board hereby obligates itself to underwrite the expense of caring for and treating Mrs. Lillian Spiers at Mississippi State Sanatorium, Sanatorium, Mississippi, at the rate of Twenty (\$20.00) Dollars per month until said patient is discharged.

Be it ordered by the Board that the Board adjourn until Thursday morning, February 5th, 1942, at 9:00 o'clock A. M.

CHAS. B. MURPHY, President Thursday morning, February 5th, 1942, at 9:00 o'clock A. M. The Board met pursuant to adjournment. There were present as on Monday, February 2nd, 1942.

There having been filed with this Board a petition signed by a majority of the members of the County School Board of Hancock County, Mississippi, petitioning the Board to borrow the sum of \$8,000.00 to defray expenses of the County Schools incurred during the current 1941-42 school year, and the Board having considered said petition, find that a majority of the members of said School Board have signed the same, said petition being in the words and figures, to-wit:

To the Honorable Board of Supervisors of Hancock County, Miss.: We, the undersigned, being a majority of the members of the county school Board of Hancock County, Mississippi, and the County Supt. of Education of Hancock County, Mississippi, respectfully show unto your Honorable Body the following facts, to-wit:

That there is due to be paid the sum of \$8,000.00 for teachers' salaries and school carriers for the operation of the public schools of Hancock County during the present 1941-42 school year session and there are no school funds in the treasury to pay the said amount due for such teachers' salaries and school carriers, and that it is necessary that the sum of \$8,000.00 be borrowed to pay such expenses; therefore

The Hancock County School Board, acting herein by the undersigned a majority of its members, and joined herein by the County Superintendent of Hancock County, Mississippi, respectfully petitions your Honorable Board to borrow the said sum of \$8,000.00 to be used for the payment of said teachers' salaries and school carriers, and the amount so borrowed be repaid out of the first funds to be received from the State and taxes to be received and collected, and paying the expenses of said school for the 1941-1942 session.

Respectfully submitted,

HANCOCK COUNTY SCHOOL BOARD

C. W. Fountain

Willie Ladner

Albert V. Necaise

K. G. McCarthy

There came on for consideration by the Board of Supervisors of Hancock County, Mississippi, the Board of borrowing the sum of \$8,000.00 to be used for school expenses for the 1941-1942 school year, and the Board finds it is necessary that said sum be borrowed and that an attorney-at-law be employed to prepare all necessary orders and resolutions in connection herewith and to pass on the validity thereof, it is therefore

Ordered by the Board of Supervisors of Hancock County, Mississippi, that George R. Smith, Attorney-at-Law, be and he is hereby employed to prepare all necessary orders and resolutions in connection herewith and to pass on the validity of such loan, and that said attorney be paid the sum of twenty-five dollars (\$25.00) for such legal services.

Supervisor Shaw offered and moved the adoption of the following order:

There coming on for consideration by the Board of Supervisors of Hancock County, Mississippi, the petition

of the County School Board of said county, which said Board finds has been signed by a majority of the members of said Board and the County Superintendent of Education, petitioning this Board to borrow the sum of \$8,000.00 to be repaid out of taxes to be collected and school funds to be received for the 1941-1942 session of the Hancock County Common Schools; and the Board having considered said petition doth find:

That the Hancock County common schools commenced their regular 1941-1942 session on the 5th day of September, 1941, and whereas, there is now due to be paid the sum of \$8,000.00 for teachers' salaries and school carriers for the operation of said public schools during the said 1941-1942 session, and that there are no school funds in the treasury to pay the said amount now due for teachers' salaries and school carriers incurred during said school year; and the Board finds and adjudges that the said amounts due for said teachers' salaries and school carriers are legal, valid and just obligations of the County for said 1941-1942 school year and that the said sum be borrowed to pay the same; and that said sum, when added to all other sums heretofore borrowed for said school year, and/or in anticipation of taxes to be collected for said school year, will not exceed fifty per cent (50 per cent) of the taxes to be collected for the operation of such schools for said year; now, therefore, be it

Ordered by the Board of Supervisors of Hancock County, Mississippi, that Hancock County borrow the sum of \$8,000.00 from the Hancock Bank, a Mississippi banking Corporation, for the purpose of paying the said teachers' salaries and school carriers incurred for the operation of said county common schools during said 1941-1942 school year session, and that the President and Clerk of said Board be and they are hereby authorized and directed to effect said loan and to execute a proper promissory note payable to said Hancock Bank, as evidence of said indebtedness, said note to be payable at the County Depository; and to mature and fall due to be paid on February 15, 1942, and bear interest at the rate of six (6 per cent) per annum from date until paid and that the said sum, when so borrowed from said bank, be deposited in the proper county school fund and be used for the purposes of paying said obligations incurred for the 1941-1942 school year session and for no other purposes; and that the sum so borrowed be repaid out of funds to be received from the State, proceeds from Poll Taxes which may be used for such school expenses and funds to be collected by legal levies in the County for said year, and that the Board of Supervisors of Hancock County, Mississippi, levied for the 1941-1942 school year, and such other funds which may be legally applied to the payment of said debt under said Sections 6615 and 6616, Code of 1930; which funds are hereby specifically pledged to the repayment of said loan; and the Clerk of this Board be and he is hereby directed to set aside the first of such school funds received for the purpose of paying the amount so borrowed with interest thereon; and that such funds, so pledged, be used for no other purpose.

Ordered by the Board of Supervisors of Hancock County, Mississippi, on this, the 5th day of February, A. D. 1942.

CHAS. B. MURPHY, President Thursday morning, February 5th, 1942, at 9:00 o'clock A. M. The Board met pursuant to adjournment. There were present as on Monday, February 2nd, 1942.

Supervisor Necaise seconded said motion, and on call of the roll the members of the Board voted as follows:

Supervisor Murphy voted aye
Supervisor Wheat voted aye
Supervisor Shaw voted aye
Supervisor Necaise voted aye
Supervisor Orte voted aye
Whereupon said motion was declared carried and said order legally adopted.

In the Matter of the Assessment of Mrs. Gracie J. Bartlett

This day came on for hearing and consideration by the Board of Supervisors of Hancock County, Mississippi, petition of Mrs. Gracie J. Bartlett for reduction in the assessment of real property, assessed to the said petitioner as the owner thereof, at the page 74, line 19 on said real roll as shown in said petition, the said reduction being asked on the ground that buildings and improvements were assessed which did not exist on the next preceding tax lien date.

And it appearing to the Board of Supervisors from the evidence, both oral and documentary, offered in support of said application that the assessment as it now appears on said roll is incorrect in the following particulars:

There were no improvements on said land as of January 1, 1941. The house formerly on said land was removed therefrom prior to January 1, 1941, and no improvements existed as of that date.

It is, therefore, ordered by the Board of Supervisors of Hancock County, Mississippi, that the assessment on page 74, line 19, be reduced from \$230.00 to \$80.00, being a total reduction of the assessment on said roll of \$150.00; all said changes being for the year 1941.

It is further ordered that the Clerk of this Board certify two copies of this order to the State Tax Commission, for its approval or disapproval, and if the foregoing order be approved by the State Tax Commission, the Clerk of this Board is hereby authorized and directed to change the Original Assessment Roll in his office, and the Sheriff and Tax Collector of this County is hereby authorized and directed to change the roll of this County, to conform with the provisions of this order, and the Sheriff and Tax Collector be given the proper credit therefor, including district taxes.

Ordered and adjudged this 5th day of February, 1942.

The value of telephone service increases as more telephone subscribers are added. During the past two years alone, a net gain of almost 290,000 telephones was made in the area served by Southern Bell. To make possible this unprecedented increase in telephones has required an expenditure of nearly one hundred million dollars and a net increase of more than 6,000 new employees, making a total of 28,000 men and women now employed by Southern Bell. Today, as never before in history, the telephone is indispensable to business and industry, a source of ever present comfort, convenience and security to the home, and vital to our national welfare in war and peace. The telephone has become a part of our modern way of life—indispensable—invaluable.

SALE OF DEFENSE BONDS IN BAY SAINT LOUIS INCREASING

The people of Bay St. Louis are to be commended for the manner in which they have responded to the call in the purchase of defense bonds. Figures obtained from our local post office bear out the fact that in communities of the size of Bay St. Louis, we would probably be at the head of the list in the purchase of defense bonds.

During the months of December, 1940 and January and February, 1941, there was only a total of \$950.00 of bonds sold through the Bay St. Louis Post Office. During the months of December 1941, and January and February 1942, there was a total of \$80,426.00 of defense bonds sold. In addition to this amount during the months of December 1941 and January and February, 1942, defense stamps in the amount of \$3,455.00 were sold, making a total sale of defense bonds and stamps during these three months of \$72,880.00.

The population of Bay St. Louis is approximately 4,000 people. This is an average of \$18.22 per person invested in defense bonds in Bay St. Louis that were purchased through the local post office. Mr. Leo G. Ford, the Post Master of Bay St. Louis, reports that not a single bond has been redeemed through his office and that only \$22.50 of the amount of defense stamps sold has been redeemed for cash. This, we believe, is an enviable record.

In addition to the bonds sold at the post office, the local banks handled through the Federal Reserve System, bonds that were purchased by corporations and business concerns for either the corporation or the business concern. These figures we do not have available.

Mr. Forster Commagere is Chairman of the Defense Bond Committee and to him and his committee, for their untiring efforts, much credit is due.

ORTE THEATER PRESENTS "RIDE 'EM COWBOY," SUN.-MON.

With Bbbott and Costello, Comedians.

Hailed as the most elaborate as well as the funniest of the Abbott and Costello starring comedies, Universal's "Ride 'Em Cowboy" takes over Sunday and Monday at Ortte Theater. Headliners in the large supporting cast are Dick Foran, Anne Gwynne, Johnny Mack Brown, Samuel S. Hinds, The Merry Macs and Ella Fitzgerald. Featured musical and dancing aggregations include The Hi-Hatters, The Buckaroo Band and the Ranger Chorus of 40.

Backgrounded against an Arizona dude ranch, "Ride 'Em Cowboy" is said to contain everything necessary in the way of parade grounds for the antics of the two stellar zanyes, including Indians, rodeo acts, bucking broncos, wild steers and feminine pulchritude. Among the players are a bevy of bathing beauties and the seven most beautiful cowgirls in the world.

Two of the most picturesque dude ranches in Southern California—the B-Bar A near Newhall and Rancho Chihuahua in the Solomita Canyon—were among the four location sites used by Director Arthur Lubin in the production of the offering. A third spot was from Hollywood, where Universal built a tepee village.

Romantic interest is carried by beautiful Miss Gwynne, Foran and Brown. Miss Gwynne portrays a rodeo star and daughter of the dude ranch owner. Foran is the author of best-selling Western novels who has never been west of Broadway, while Brown is the ranch foreman.

Ella Fitzgerald, America's queen of swing vocalizing, makes her screen debut as the ranch cook. She sings her own one-time hit tune, "A Tisket, A Tasket."

HOME Agent Notes

Home Demonstration Clubs meetings last week were in the homes of Mrs. Louis Lee, Leetown.

Mrs. Sylvester Ladner, Bayou La Croix.

Mrs. Elvie Robinson and the Flat Top Lunchroom, Aaron Academy. Those present studied the exhibit of common garden insects racing to see who could identify the greatest number. After a discussion of the insects in their gardens and learning the common names of the insects, Home Demonstration Agent, gave a demonstration of the use of control sprays and dust for each type of insect.

The club women plan to emphasize to all gardeners of their communities the use of poisons for chewing insects and contact sprays for insects that suck the plant.

These club women are again starting their kitchen improvement program. Each woman entering agrees to make a definite plan for making her kitchen more convenient and to make two improvements by October 1942.

Those enrolled so far are: Mesdames Isaac Frierson, Jack Frierson, Jane McCarty, Walter Carbone, Wiley Frierson, Horatio Frierson, Rod Frierson, Olivia Pitts, Elvie Robertson, Louis Thigpen, J. L. Baker, Alphonse Lee, Grady Welborne, Louis Lee, Shelby Lee, Jesse A. Sones, Sylvester Ladner, Lewis A. Cuevas, Ivy Ladner, Dora Martin, Clarence Penton, Will Miller.

The Home Agent in her work saw a fine brooder house in Leetown. Mrs. Lee says that the house was not very expensive as most of it was made of second hand materials. The chicks are clean and comfortable on the hardware cloth and clean straw.

Mr. and Mrs. Jack Frierson have flocks of white leghorns that make a fine picture. These birds are reported to more than pay their board.

Peanuts For Oil Purposes

Minimum acreage goals for peanuts for oil purposes already pledged by Hancock Farmers. Mr. Charlie Knight and W. L. Hudson of Picayune Rt.-1, pledge to plant 13 acres in helping to meet the War Goals of this county. Other farmers are expected to pledge acreage since they are assured that harvesting equipment will be available in near by communities.

Interested farmers should call by or write AAA Office or County Agent, regarding securing seed and other particulars of program.

War Board Reports on Victory Home Gardens

Twelve neighborhood leaders report 100 per cent of families pledging to have year around home gardens. Other leaders make reports indicating that very few farm families would be without a year around home garden in 1942. Leaders reporting 100 per cent of families in their neighborhood that will have a year around garden are:

W. C. Stafford, Picayune Rt.-3, Miss.

Felix Ladner, Perkinston Rt.-2, Miss.

Dewey Bounds, Picayune Rt.-1, Miss.

J. A. Dedeaux, Perkinston, Rt.-2, Miss.

T. J. Newkirk, Picayune Rt.-3, Miss.

Richmond C. Smith, Picayune, Rt.-1, Miss.

Alphus Lee, Picayune, Rt.-3, Miss.

H. G. Welborn, Picayune, Rt.-3, Miss.

Willie Lee, Picayune, Rt.-3, Miss.

Lucian Hoda, Pass Christian, Rt.-1, Miss.

John L. Burke, Picayune, Rt.-3, Miss.

Andrew Bennett, Pass Christian, Rt.-1, Miss.

The neighborhood leaders have contacted every family in their respective neighborhood and assisted them with setting up their goals for 1942. They will continue to contact these families in this neighborhood from time to time in an effort to encourage each family to produce and store sufficient food for home use.

The baby daughter of Anna Lee, British actress, and Robert Stevenson, director, has been named Caroline Lydia Monifac, Clementina Stevenson. It seems like a large name for a tiny infant.

IF YOUR NOSE "CLOSES UP" TONIGHT

Here's mighty good news... If your nose "closes up" tonight and makes breathing difficult, put 3-purposes Vicks Vapo-Rol under each nostril. It (1) shrinks swollen membranes, (2) soothes irritation, (3) relieves transient nasal congestion. It brings more comfort, makes breathing easier, thus invites sleep... And remember, it helps relieve many colds developing if used in time. FOL VICKS VAPOROL

Louis also received an appointment to officers training camp and expects to leave for the quartermaster's school shortly.

—Mr. Warren Carver, a member of the Field Division of the State Auditing Department, has just completed the county audit at Purvis, in Lamar County, and preparatory to going to Pascagoula, in Jackson County, to make their audit, he spent Wednesday in Bay St. Louis with Mrs. Carver and the baby, Warren, Jr.

—For the past fortnight, Mrs. S. Myron has been confined to her home. She was operated on for catarrhs and she wants to thank her family and friends, Mr. and Mrs. Dave Duprey, for their kindness.

—Mrs. J. T. Nick and son have gone to visit Mrs. J. T. Nick, Sr., in New Orleans and to meet her husband who has been in South America for the past six months. He is returning home.

—Interesting to a large number of former schoolmates and teachers at St. Stanislaus College is the announcement of the marriage in Tela, Honduras, recently of David Assaf, honor graduate of St. Stanislaus College, and boarding student for a number of years. Mr. Assaf was also connected with the school paper, the Rock-A-Chaw, and was correspondent for the Times-Picayune.

—Mr. and Mrs. Harry S. Pond, Jr., and little son, Harry S. Pond III, are spending this week end at the home of Mr. Pond's parents on South Beach Boulevard. Also visiting were Mr. and Mrs. Charles Culbertson of New Orleans and Mr. Louis Pourcia of New Roads, La.

—Mrs. Russell Caffery, visiting relatives in different parts of Texas for the last three months, is expected home for Easter time.

STANISLAUS NEWS NOTES

The first year Spanish class seems to be making exceptional progress. In the general review of the first forty lessons, the following boys, James Loume, Levi Brown, W. Brignac, Hugh Kiefer, L. Ferris, R. Ferris, L. Garcia, Paul Planchet, Frank Perrin and Karl Fasola made 100 percent. Those making 99 per cent were Ray Mazerro, Tracy Hendrix, and R. Bourgeois.

The Junior Study Hall organized a baseball league and there are fifty-three boys participating. The first games were last Friday evening. Buddy Schodield's team scored a victory over Donald Foley's team the score was 9 to 8. In this game Joe David and Wally Bontemps were the only boys able to score homeruns. In the second game which was also tight Raymond Damsis' team defeated Harry Pearson's team 8 to 7. Dickie Curran scored the only homerun of the game.

The Grammar Grades recently organized a choir. This choir is composed of thirteen boys. These boys sang for the first time Sunday, during Holy Mass.

The Fourth Grade sponsored a drawing contest to help the Foreign Missions. This raffle was just for the members of that class. Each boy paid a dime to enter. The winner was Albert Ranson, received a quarter and a Sacred Heart Medal.

Freshman "A" sponsored a boxing match last Friday evening. A neat sum was realized which will go to the Missions in Africa. Ten good bouts were staged and the climax to these bouts was a clean cut K. O. by Cyril Piazza over Jerry Avery in the first round.

It has been definitely settled that Arthur Perez will give the speech for St. Stanislaus, on April 12 at the one-day convention at St. Joseph's Memorial Hall. His talk will be on "Responsibility of A Sodalist in His Social Life."

The St. Stanislaus Band held an informal rehearsal last Thursday evening for the parents of the band members. The rehearsal was well attended and was enjoyed by all. The purpose of the rehearsal was to inform the parents of the work that is done during a practice.

A meeting of the Band Auxiliaries will held Monday afternoon at 3:30. The purpose of this meeting was to make plans for raising funds to send the band to the contest to be held on May 1, at Jackson.

The first enterprise that the auxiliary will undertake will be a bingo party. This will be held at Trapani's House on Sunday, April 12, at 2 P. M.

There will also be a raffle of a \$25.00 Defense Bond, which will begin Wednesday. It is a wonderful value for the nominal fee per chance.

The Senior class sponsored an Amateur Show last Wednesday evening. It was a grand success and enjoyed by all. Ernest Jerald won the first prize, Carlos Green placed second, Edward Moise, The Thompson Brothers and Jack Arnold were in the third place.

After the Amateur Hour the seniors presented a saga of "the rough and ready boys of the old West." The title of this comedy was "To Beat Me With Five Aces." It was a huge success and those who saw it are still talking about it. The cast was as follows: George Comeaux, Kenneth McAuliffe, John McConnell, Ted Heller, Jack Perkins, James O'Donohue, Arthur Richardson, Eddie Koch, A. Mahoney, C. J. Guidry, Fletcher and Rose Daniels. Jack Perkins better known to his friends made the show a "hit."

Junior "A" is having a Cake Walk in the St. Stanislaus gym, Saturday afternoon at 3:00. There are tickets on sale, the purchaser is entitled to one walk and a chance on the entrance prize. The public is invited.

SJA PARENTS' CLUB MEETING
The regular monthly meeting of St. Joseph Academy Parents' Club will be held at the Academy on next Friday, afternoon, April 3rd, at 3:30 and all members are urged to attend.

STERNECKER—HEITZMANN NUPTIALS SUNDAY AFTERNOON, MARCH 22

On Sunday afternoon at 2:30, Miss Adelaide Heitzmann, youngest daughter of Mr. and Mrs. George Heitzmann, and Staff Sergeant Robert Richard Sternecker of St. Louis, Missouri, were married at the rectory of Our Lady of the Gulf Church by the Very Rev. Father, A. J. Gmelch.

Miss Heitzmann was becomingly attired in a travelling suit of pink and brown plaid wool with hat and accessories of turf brown and wore a shoulder corsage of white orchids. Her attendant, her sister, Mrs. John Dambrino, wore gold with brown accessories and a shoulder corsage of Tailsman roses.

Attending Mr. Sternecker was Maurice Boyd Goodwin of Keesler Field.

Immediately after the wedding a small reception for the bridal party, members of the family and a few close friends of Mrs. Sternecker was held at the home of the bride's parents on Hancock street. From a prettily appointed table, upon which was the beautiful wedding cake, cake and punch were served.

Mrs. Sternecker is graduate of Bay High School and a popular member of the younger set here. Staff Sergeant Sternecker is the son of Mr. and Mrs. R. E. Sternecker of St. Louis and came to Biloxi from Champaign Field, Illinois. He is an instructor at Keesler Field, Biloxi, and upon the return of these young people from a honeymoon trip to St. Louis, they will reside in Biloxi.

WEDDING OF MISS CAPDEPON WEDNESDAY

On Wednesday morning at nine o'clock Elsie Mae Capdepon, eldest daughter of Mr. and Mrs. Henry Capdepon, and William L. Higgins, son of Mr. and Mrs. W. R. Higgins of Sturgeon Bay, Wisconsin, were married at the rectory of Our Lady of the Gulf Church with the Rev. Father A. J. Gmelch performing the ceremony.

Miss Capdepon wore a gown of Pacific blue with a corsage of red roses tied with white tulle. Her maid of honor, her sister, Miss Gladys Capdepon wore a gown of powder blue with a shoulder corsage of red and white blossoms. Albert Anderson of Madison, Wisconsin, was best man to Mr. Higgins.

Immediately after the ceremony, a small reception was held at the home of the bride's parents on Court street for the immediate future.

Mr. and Mrs. Higgins left for a short honeymoon trip and upon their return will be at home in an apartment at 1528 West Howard avenue, Biloxi.

Mrs. Higgins is a graduate of St. Joseph Academy and a talented pianist, while Mr. Higgins is a graduate of the University of Wisconsin and also a musician of note and is a band instructor at Keesler Field.

Out of town guests for the wedding were Mrs. W. R. Higgins of Sturgeon Bay, Wisconsin, Mrs. Martine Bertin and children of Washington, D. C., Mr. and Mrs. James Krueber, Mrs. Josephine Hack and Mrs. Henry Scuffe of New Orleans.

Mrs. Leo Kenney and her daughter, Irma, went last Wednesday to Natchez where they enjoyed some of the tours of many beautiful antebellum homes on display this month during the Spring Fiesta. Mrs. Kenney returned enthusiastically over the educational and enjoyable benefits of the trip, stating the visits to these beautiful homes in which there are so many wonderful objects of art such as antique furniture, hand coined silver and beautiful glass and chinaware were especially interesting.

Mr. and Mrs. James Lyman Crump have as their guests at their country home, Holly Bluff on the Jordan, back of Bay St. Louis, Miss, her brother-in-law and sister, Mr. and Mrs. S. Cabot Almy of Englewood, N. J., and their young daughter, Sydnor.

Steel-Piercing Eye

Steel used in vital parts for war machines—planes, tanks, ships, guns—must be flawless. Because America's fighting men must have weapons that are both accurate and tough.

1. The new million volt X-ray built by General Electric saves precious hours in finding flaws. It is so powerful that its rays can pierce thick steel castings.

2. Defects in the steel show up on X-ray film. Therefore faulty materials are tossed aside before costly hours of machining have been spent on them.

3. A regular check-up on pieces of X-ray film worn on workers' wrists helps guard against prolonged exposure to the rays given off by the X-ray tube.

4. X-ray exposure needed for 5 inch-thick steel is now 2 minutes instead of previous 3 1/2 hours! Whole days are saved in examination of even thicker castings.

General Electric believes that its first duty as a good citizen is to be a good soldier.

NOTICE OF SPECIAL ELECTION IN KILN CONSOLIDATED SCHOOL DISTRICT IN HANCOCK COUNTY, MISS.

Notice is hereby given to the voters of the Kiln Consolidated School District of Hancock County, Mississippi, of a special election to be held on

MAY 2ND, 1942

at the Consolidated School House, in said district, to determine the bonds of said school district should issue in the sum of \$10,000.00 or so much thereof as might be necessary for the purpose of constructing and equipping a school building and constructing and equipping a teachers home, as per plans and specifications on file in the office of the Clerk of the Chancery Court of Hancock County, Mississippi, all as provided for by Sections 5982 and 5983 of the Mississippi Code of 1930, and all amendments thereto and supplemental thereto, said Election being held pursuant to the following order of the Board of Supervisors of Hancock County, Mississippi, as follows:

Whereas, there has been presented to this Board a petition purporting to contain the signatures of more than 20 per cent of the qualified electors of the Kiln Consolidated School District, requesting this Board to call an election to determine whether or not the school district shall issue and sell its bonds in the amount of \$10,000.00 for the purpose of constructing and equipping school building and a teachers home, as per plans and specifications on file in the office of the Chancery Clerk of Hancock County, Miss., and

Whereas, the said Board of Supervisors is authorized by the provisions of Chapter 5982 and 5983 of the Mississippi Code of 1930, and all amendments thereto and supplemental thereto, to issue said bonds, and

Whereas, before the aforesaid bonds are authorized and issued by the Board of Supervisors it is required by said Chapter 5983 of the Code of 1930 and all amendments thereto and supplemental thereto, that the said petition must contain at least 20 per cent of the qualified electors of said consolidated school district; and

Whereas, this Board has, at its first regular meeting after the filing of the said petition, determined that said petitions do contain more than 20 per cent of the electors of said district, qualified to vote in the next preceding election; and this Board does hereby expressly find, adjudicate and determine that said petitions do contain the signatures of at least 20 per cent of the qualified electors in said school district and it is now desired to call a special election for the purpose of submitting to the qualified voters of said Kiln Consolidated School District the aforesaid proposition.

Now, Therefore, Be It Hereby Resolved and Ordered:

Section 1. That the Board of Supervisors of Hancock County, now declares its intention to issue said bonds in an amount not to exceed \$10,000.00 for the said school district for the purpose of constructing and equipping a school building and constructing and equipping a teachers home as provided by sections 5982 and 5983 of the Mississippi Code of 1930 and all amendments thereto and supplemental thereto.

Section 2. That a special election shall be held in said Kiln Consolidated School District on the 2nd day of May, 1942, at which election there shall be submitted to the qualified voters of said school district the proposition contained in the ballot hereinafter set out.

Section 3. That the ballot to be used at said election shall be in substantially the following form:

OFFICIAL BALLOT
SPECIAL ELECTION
KILN CONSOLIDATED SCHOOL DISTRICT
HANCOCK COUNTY, MISS.

Shall the bonds of the Kiln Consolidated School District be issued in the amount of \$10,000.00 or so much thereof as may be necessary for the purpose of constructing school and teachers home as per plans and specifications on file in the office of the Chancery Clerk of Hancock County, Miss.

Section 4. The said election shall be held at School House at Kiln, Mississippi.

Section 5. That all qualified electors

tors of the Kiln Consolidated School District shall be eligible to vote at said election.

Section 6. Said election shall be conducted in compliance with the requirements of the General Election laws of the State of Mississippi relative to such election.

Section 7. That the Clerk of this Board is hereby ordered to notify the election commissioners of Hancock County, of the action of the Board in calling the said election. So that the election shall be held in the manner provided by law.

This 26th day of March, 1942.
